*Protecting and Expanding Performance and Beauty*

The mare owner or agent must prepare the "Mare Breeding Report", signed and returned to FHS by October 1 of each year. This report must list each mare you own, whether used for breeding in the current breeding year or not. (If no mares were bred, write "none" on the list below.)

**Note: For Embryo Transfer**, special regulations apply. Please contact FHS prior to any such breeding for further information. Subsequent foal may not be eligible for registration if permission to perform ET for a specific mare/stallion is not obtained prior to such breeding.
